**FSSC 22000 V6** Course # 2682

Lead Auditor Training

# Training

DAS Pakistan (Pvt.) Ltd in association with IQMS Learning UK (CQI-IRCA UK Approved ATP) is offering Food Safety System Certifications FSSC 22000 V6, recognized as the leading Food safety management system in the world. We comply the training requirements by meeting the Food Safety System requirements, deliver valuable services and achieving excellence by both remote & physical sessions and online examination held after completion of the course.

## Course Introduction

This extensive, rigorous and highly interactive training program is for all the individuals interested in acquiring an in-depth understanding of a range of auditing techniques and protocols associated with impeccable management.

## Duration

5 Days CQI-IRCA Lead Auditor course

## Who Should Attend?

This course is specifically designed for those who in future wish to register with an auditor registration scheme. It is vital for any practitioner serious about their craft, in owning up to responsibilities in designing, implementing and managing audit programs for internal organizational audits. Existing auditors can also take the course, refresh their skills and knowledge and gain formal recognition to uplift their skills set.

## Bright Outputs of the course;

- Register with CQI/IRCA approved food auditor scheme
- Professionals with a responsibility to design, implement and manage a food safety system certification complying the standard's requirements
- Updating knowledge and skills as per the requirements of the standard
- Provision of services as internal/ external auditors in food chain

## What are the Benefits?

- Develop the knowledge and competencies needed to perform an audit of an FSSC
- Develop wider understanding of food safety system certification design and implementation
- Understand how HACCP must be embedded into the food safety system certification of an organization for it to be effective.

## Certification

- Delegates successfully completing this course will be awarded a CQI and IRCA accredited certificate
